U. D. C. CHAPTER | CHILD'S HEAD SOLID | MEETING OF GRAND ELECTS OFFICERS MASS OF HUMOR

It Was Awful. Cried Continually. Had to Hold and Watch Him to Keep Him from Scratching. Suffering Was Dreadful.

Had not Used Half a Set of Cuticura Remedies Before Head was Clear and Free from Eczema.

"I think the Cutloura Remedies are the best remedies for eczoma I have ever heard of. My mother had a child who had a rash on its head when it was real young. Dector called it baby rash. He gave us medicine, but it did no good. In a few days the head was a solid mass, a running sore. It was awful, the child cried continually. We had to hold him and watch him Ito keep him) from scratching the sore. It was awful, the child cried continually. We remembered Cuticura Remedies. We got a doilar bottle of Cuticura Resolvent, a box of Cuticura Ointment, and a bar of Cuticura Soap. We gave the Resolvent as directed, washed the head with the Cuticura Soap, and applied the Cuticura Ointment. We had not used half before the child's head was clear and free from eczema, and, it has never come back again. His head was healthy and he had a beautiful head of hair. I think the Cuticura Ointment very good for the hair. It makes the hair grow and prevents falling hair." (Signed) Mrs. Francis Lund, Plain City, Utah, Sept. 19, 1910.

No Building Inspector.

The Board of Aldermen at the regular meeting last night refused by a decisive vote—8 to 5—to concur in the ordinance recently adopted by the lower branch of the Council, creating the ordinance recently adopted by the lower branch of the Council, creating the office of building inspector, prescribing his duttes and fixing his pay. The Board, however, concurred in the ordinance creating a Board of Public Safety, to consist of the Mayor, City Engineer and Chief of the Fire Department. These were companion ordinances, designed to have the building inspector and the Board of Safety to work in unison.

The opposition to the building ordinances, designed to have the building ordinances, designed to have the building ordinances was mainly on the ground that as the city has no building code, an inspector is not needed; and if it had a code, the people would observe its provisions without being forced to do so by an inspector.

The Board concurred in the action of, the Council in awarding contracts for various street improvements, and in inviting bids for additional improvements and in the appropriation of \$5.859 for the establishment of a signal phone police patrol system.

Contract for Fair Building.
